## Building Learning Power

Helping young people become better learners

### Learning Review Level 3

How well is learning power working for students? An evaluation of the extent of which students are making progress as learners

An in depth bespoke review of the impact of learning power on students. For schools that have been integrating learning power across the school for some time. The review enables the school to assess its progress in establishing deep learning in the classroom, and learning character development in students.

#### Benefits for the school

The school will gain an up to date view of the quality of learning in the school together with a unique analysis of the progression in learning behaviours achieved by students. The review finding will inform further progress in improving classroom practice in enabling students to extend their independent use of learning habits.

#### Benefits for participants

The Learning Review is undertaken with a team of reviewers from the school. As a result they develop skills in

- collecting data on learning
- collecting data on the use of learning habits
- analysing the growth of independent learning behaviours in students
- analysing effective teaching behaviours that promote the development of learning habits
- enhancing the school's evidence collection processes

#### What we will provide

##### Prior to the review

- On-line access to a range of resources and required activities to be undertaken by the school before the review

##### During the review

- an experienced evaluator
- coaching for the review team selected by the school

- bespoke classroom observation tools
- access to an on-line tool to capture student views of themselves as a learner
- structured interview questions for key staff and students
- two days reviewing in school alongside school reviewers

##### After the review

- collation and analysis of findings
- full written report of findings & recommendations for action
- continuing access to the BLP membership site
